Any Insurance Company can offer you a toll free number and a different person every time you call. That is easy. At Clinard Insurance Group we don't follow the "easy" path if it doesn't help our clients. Each of our clients is assigned a Personal Protection Specialist who will go the extra mile to get to know you, listen to your needs and be there on a regular basis when you need help. This is one of the ways that we are different from those impersonal 800 number insurance providers. And the beautiful part for you is that you don't pay a dime for this one on one service. How many professionals do you know will listen to you and provide you with professional advice and not charge you anything for the help?

Your Very Own Personal Protection Specialist To Listen To You and Advise You.
